LOVE YOUR *LAYOUT* FORMULA

How to Identify and Create an Ideal Layout for Each Room in Your Home

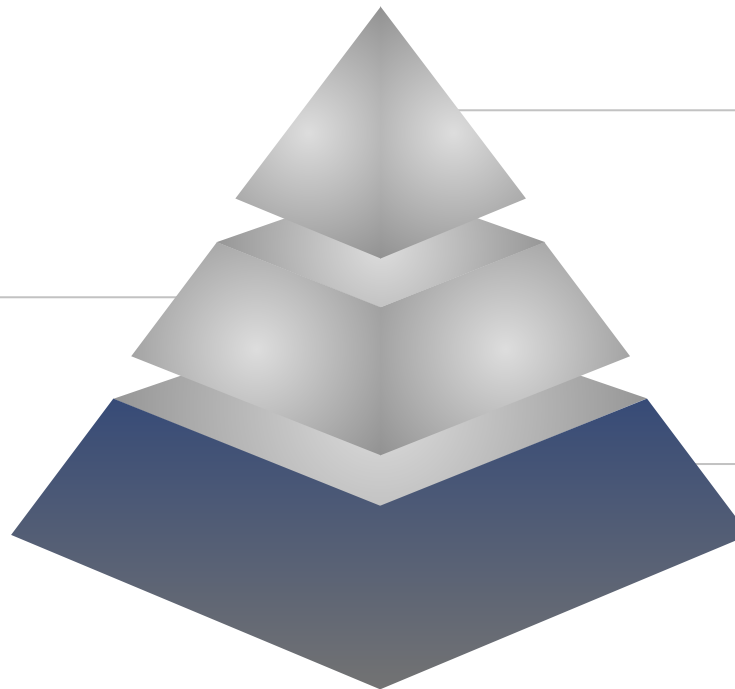

Accessorizing

1 The art of selecting and arranging decorative elements to enhance a room design.

Design

2 Design is a detailed process using the elements of space, line, light, color, form, texture, and pattern, to create beautiful spaces using the design concepts of balance, rhythm, proportion, focal points and harmony.

Love Your Layout

3 Layout is foundational to beautiful room design. A great layout increases the room's functionality and comfort
